

## HEALTH CARE

*Protect those who protect us*

Doctors, nurses and healthcare professionals are heroes who wear the white coat with dignity and pride, who take honor and privilege to serve the public. Individuals who represents a combination of intellectual and moral interests found in no other profession.

Never like in 2020 we have realized that protecting these heroes means protecting us, our health and our wellbeing. Inspired by the Hippocratic oath "first, do no harm" (primum non nocere), we work so that no harm is ever done to them.

### Examples of articles

- Vests and uniforms
- Surgical sheets
- Coats
- Hospital sheets, jackets, trousers
- Underwear, socks and stockings

### Benefits provided by RUDOLF's technologies

- [Oil and water repellence \(OWR\)](#) - Superior water and oil repellent finishes that provide medical textiles a barrier to infectious bodily fluids thus protecting medical staff and patients from transmitting diseases
