Responsible Care®
Global Charter

Responsible Care® is the global chemical industry's unifying commitment to the
safe management of chemicals throughout their life cycle, while promoting their
role in improving quality of life and contributing to sustainable development.

As a signatory to the Responsible Care Global Charter my company will actively
strengthen the Responsible Care initiative worldwide and is committed to:

1. **A Corporate Leadership Culture** that proactively
   supports safe chemicals management through
   the global Responsible Care initiative

2. **Safeguarding People and the Environment** by
   continuously improving our environmental, health
   and safety performance; the security of our facilities,
   processes and technologies; and by driving
   continuous improvement in chemical product safety
   and stewardship throughout the supply chain

3. **Strengthening Chemicals Management Systems** by
   participating in the development and implementation
   of lifecycle-oriented, sound-science and risk-based
   chemical safety legislation and best practices

4. **Influencing Business Partners** to promote the safe
   management of chemicals within their own operations

5. **Engaging Stakeholders**, understanding and
   responding to their concerns and expectations for
   safer operations and products and communicating
   openly on our performance and products

6. **Contributing to Sustainability** through improved
   performance, expanded economic opportunities
   and the development of innovative technologies
   and other solutions to societal challenges
